

A FUNDRAISING IDEA THAT WORKS LIKE MAGIC!

International award-winning magician Scott Dietrich makes fundraising events easy and fun. His 45-minute program is packed with comedy and excitement. Scott's magic ingredient is the kids, who become active participants in the show. The highlight of the program comes when Scott produces his rabbit Houdini out of your Principals head. This is as hilarious and memorable as it sounds. He promises to leave each audience member armed with at least one special trick up their sleeves, taught step-by-step from the magician himself. After the show, Scott and Houdini will be on hand to spend quality time with all the kids.

"You offered the kids (and adults too!) a great interactive show with lots of laughter. It was just the right length and really a lot of fun for the kids. It was the first time we did a fundraiser magic show at our school. The first show we had about 250 people with about a 140 of those kids. The second show we had about 150 people with about 90 kids. We made a profit of \$1,616. I'm sure that next years school council will be giving you a call for a show. Thanks so much Scott!!! I look forward to working with you again."

—Patti Smieja, Fundraising Committee Chair, McKee School Council
